Company Profile

CAGE: 3C6M8 **DUNS:** 124841979

Business Classifications

SBA 8(a) Certification
ISO 9001:2008 Certification
Economically Disadvantaged WOSB
Minority-Owned Business

Company Background

Founded in 2006, VES specializes in weapon systems logistics management support to include: inventory management and control; packaging, handling, storage, and transportation; maintenance management; warehouse operations; materials acquisition and management; technical manuals and data packages; facilities management and new equipment training.

VES also performs light manufacturing support to include cable assembly, tool kitting, product modification & upgrade, testing, overhaul, and prototyping.

The VES Commercial Division specializes in technology installations to include: satellite television and Internet; audio/visual equipment; and surveillance systems. As a licensed dealership for DIRECTV, HughesNet and Exede, VES is quickly becoming one of the largest fulfillment/installation service contractors in Alabama.

Principal Customers

NASA, Marshall Space Flight Center
US Department of Interior
US Army Aviation & Missiles Command

- PEO Missiles & Space Close Combat Weapon Systems
- Integrated Materiel Management Center
- Product Directorate System Sustainment Management

US Army TACOM Life Cycle Mgmt Command

- PEO Ground Combat Systems

US Army Communications-Electronics Command

Primary Contract Vehicles

Army CECOM R2-3G: *URS*
Army AMCOM Express:
Technical – AMS, CSC, IRTC, SAIC, QinetiQ
Logistics – ELEIT Tech, LogiCore, MSSJ
Programmatic – CAS, IRTC
Business & Analytical Domains – Delta, Perkin

Technical Expertise

Engineering Support Services

- ▶ Prototyping & Fabrication
- ▶ Requirements Definition & Analysis
- ▶ Independent Verification & Validation
- ▶ Data & Configuration Management
- ▶ Sustainment Support
- ▶ System Modifications
- ▶ Total Life Cycle Management
- ▶ Technical Drawings

Logistics Management Support

- ▶ Inventory Management & Control
- ▶ Packaging, Handling, Storage and Transportation (PHS&T)
- ▶ Warehouse Operations
- ▶ Maintenance Planning & Execution
- ▶ Obsolescence Management
- ▶ Kitting Services
- ▶ Materials Acquisition
- ▶ Technical Manuals/ Data Packages
- ▶ Facilities Management

Communications & Technology Support

- ▶ Audio/Video System Installation
- ▶ Satellite TV & Internet Services
- ▶ Conferencing/Theater Systems
- ▶ A/V Equipment Integration
- ▶ Cabling & Mounting
- ▶ IT Networking & Installation
- ▶ Surveillance Systems
- ▶ Computer Upgrades/Repair

Training & Development Support

- ▶ Curriculum Design & Development
- ▶ Facilitation & Instruction
- ▶ Courseware Conversions/Updates
- ▶ Online Learning Technologies
- ▶ Training Administration
- ▶ Executive Leadership Programs
- ▶ Management & Supervisory Skills
- ▶ Business Application Training
- ▶ Training Needs Assessment

Past Performance

VES has a history of delivering reliable services and products to our customers in the federal government market. We couple a deep understanding of our customer's needs with practical technical expertise to provide the consistent, successful outcomes they have come to expect.

S250/S280 Shelter Modifications

We performed acquisition, fabrication, storage, inventory, teardown, testing, fielding and training on the new configuration of the modified shelters.

Integrated Site Unit (ISU) Support

We performed verification and serviceability tests of the ISUs and performed tear down and troubleshooting to determine the extent of required repairs on failed ISUs.

Missile Maintenance Toolbox (MMTB) Reset

We performed reset for 22 different toolboxes for 11 different missile/weapon systems, including tool identification, acquisition, inventory and storage.

Base Shop Test Facility (BSTF)

We performed maintenance support for the BSTF to include prototyping and fabricating storage and shipping containers, inventory management, and control of stored units, readiness assurance and sustainment.

TOW System Evaluation Missile Support

We performed logistics support, reset modifications and maintenance of the TSEM to support the test of the firing sequence from the tow missile guidance system to the tow missile launcher. We also managed the fabrication of TSEM carry bags, produced in accordance to military specifications.

Third Party Logistics & Supply Chain Mgmt

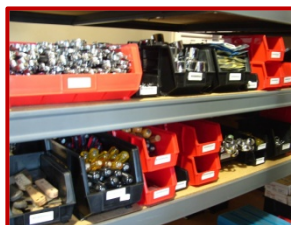

We performed services to source, acquire, and manage delivery of items on demand, within the cost, quality and delivery requirements under contract, utilizing our ISO certified vendor management process and software tools.

Data and Configuration Management

We supplied subject matter experts to perform CDM audit support, data assurance and data training & validation support.

Training Design & Development

We developed and facilitated customized courses for executive leadership, program managers, and supervisors to help organizations to achieve their business performance objectives.
